FULL-STACK WEB DEVELOPER

HELLO !

My name is Ariel Ibarra and I am a 25 years old Web Developer with 4+ years of experience with hands in job... and a motorcycle lover.

EDUCATION

UNIVERSIDAD METROPOLITANA CASTRO CARAZO:

"ING. EN ISTEMAS INFORMATICOS" IN 2011

JOB EXPERIENCE

SENIOR WEB DEVELOPER: BVMedia. FEB 2014 - PRESENT

As a Web Developer at BVMedia, I contributed to the development, execution, quality assurance and testing of all marketed web sites.

I built and maintained existing PHP code, MySQL databases. Developed custom PHP solutions using Laravel Framework. Developed and maintained custom WordPress themes and also helped in creation and improvement of JAVA-based websites using Hibernate CRM.

CREATIVE ENGINEER: Prodigious Latam. APR 2013 - FEB 2014.

On my time working as C.E at Prodigious (Previously BoszDigital) I built and maintained websites and Landing Pages for brands' like Whirlpool, Maytag and KitchenAid. Also contributed in the backend (C#) maintenance of those brand's websites.

I was in charge of the weekly developer meetings, setting up the agenda and bringing up new ideas, technologies or tips for the daily job.

ASSOCIATE CREATIVE ENGINEER: BoszDigital. FEB 2012 - AR 2013.

As an A.C.E at Bosz, my main duties were to maintain websites and develop landing pages using technologies like jQuery, Javascript and CSS.

With the help of my team-mate and our dedication and hard work, we both demonstrated to our current client that we were capable of more and challenging work. We helped the team grow from 2 developers to almost 10 developers.

CONSULTANT I, ADVISORY IT: PwC. JULY 2011 - FEB 2012.

Working for PricewaterhouseCoopers was the perfect beginning. I developed their HHRR internal website that stores their Resumes Database. This system was built with Microsoft technologies using C#, ASP, SQL Server, HTML, CSS and a little bit of JS.

JR WEB DEVELOPER: SealSystems, Corp. MAY 2009 - NOV 2009.

A very little startup located in David, Chiriqui, Republic of Panama. I assisted in the developemt of websites built in PHP and Prototype.JS.
